Issued September, 1957

UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL RESEARCH SERVICE
ANIMAL HUSBANDRY RESEARCH DIVISION

First Supplement to ARS 53-12, Revised June, 1957 - Digest of Laws
and Regulations Affecting the Sale of Hatching Eggs,
Chicks and Poult

CORRECTIONS FOR MAINE

Legal minimum pullorum requirements which apply to all hatching
eggs, chicks and poult shipped into the State:

Shall originate from flocks or hatcheries that have a U. S.
Pullorum-Typhoid Clean classification.

Permit required for shipment:

Yes, for poultry 14 days of age or over.

Law or Regulation administered by:

Division of Animal Industry, Maine Dept. of Agriculture, Augusta

CORRECTION FOR MEXICO

Exceptions are being made to the Mexican requirement of National
Poultry Improvement Plan status as a prerequisite for obtaining permits
to ship into Mexico. Non-participants who desire to export chicks to
Mexico must submit to the official listed on page 7, ARS 53-12, a state-
ment explaining in detail their program for pullorum control. A copy
of such letters or statements should be sent to Agricultural Attache,
American Embassy, Mexico D. F.
